Outskirts Press, United States, 2012. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.It is said that one measure of true literary talent is the ability to interpret and communicate complex ideas in simple terms. Indeed, in his third book in as many years, entitled Jump-Starting Real Job Creation in America, author Gary R. Patterson has met that bar in his own insightful, thought-provoking and analytical signature style. In layman terms, Patterson demystifies the seemingly daunting interrelated economic challenges of our time confronting this country of 1) Job Creation; 2) Tax Reform; 3) Entitlements and 4) eliminating Annual Trillion Dollar-Plus Federal Deficits and balancing the Annual Federal Budget within as little as five years. However, rather than merely defining problems, Patterson further offers common sense, achievable solutions that are financially, actuarially and demographically justified. Moreover, Patterson specifically itemizes and quantifies the requisite dollars-and-cents sacrifice that must be borne equitably by all; which, especially with regard to the issue of Entitlements, no one - neither The President nor Congress - has yet dared to grapple with to this very day. Indeed, Patterson manages to reduce and present his Annual Balanced Budget Computations to just a single page! The Good News is, if adopted, Patterson's Entitlement recommendations, in particular, would preserve full benefits for both Social Security and Medicare going forward A) in their present form (i.e. no cuts) and B) at the current minimum qualification. After three years of failed Obama Administration economic policy based on Keynesian Consumer-driven Demand, emphasis must finally shift to monetarily incentivizing Employers, through tax policy, to again begin hiring. The optimal Private Sector Jobs Creation Solution - to a nation reeling from a net loss of 8 million jobs since 2008 - can be achieved, through...
