THE RELIGION OF ZOROASTER CONSIDERED IN CONNECTION WITH ARCHAIC MONOTHEISM (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Religion of Zoroaster Considered in Connection With Archaic Monotheism Pliny has preserved several traditional incidents connected with Zoroaster, such as praise of a mysterious stone called Astriotes, the Star-like; that he laughed on the day of his birth, a circumstance which those who connect him with natural phenomena would probably regard as indicating the joyousness of the bright heaven or the dread exultation of the thunder-god; and that he lived on cheese with great austerity for twenty years, a statement which reminds us of the traditional and mythical austerities of Hindu saints and divinities. After referring to the general consent of authorities that he was the inventor of magic, which Pliny judiciously observes was doubtless originally connected with the healing art, the Roman writer states that Eudoxos and Aristotle placed Zoroaster 6,000 years before the time of Plato; whilst Hermippos the philosopher, B.C. 250, who, of all the Greeks, most deeply studied Zoroastrianism, and who wrote a work upon it, now lost, entitled Peri Magon, placed the age of Zoroaster 5,000 years before the Trojan War. With this date Plutarch, in, perhaps, his most valuable tractate, agrees when referring to Zoroastris the Magian. Masudi, the Arabian historian, A.D. 950, assigns Zoroaster a date about B.C. 600, a computation probably connected with the view that places him in the period of the later Hystaspes. From these different opinions we gain at least one important fact, that in comparatively late times the people of the country in or near which he was said to have lived still connected him with an Hystaspes (Vishtaspa), who, in reality, was the Kava Vishtaspa, a friend of Zoroaster, who is...
