Brand New Book ***** Print on Demand *****.This book is grounded in a search for God with a hidden desire to be in relationship with God. The readers can be ordinary people or gifted persons with a hunger to know God. People in the world of darkness or un-churched who are searching to satisfy the void or emptiness are addressed in the book. Also disciples of Jesus Christ who are struggling to remain faithful to God amid the culture shift in leadership within the church are addressed as well. The book provides practical lessons that are relevant to most people with a spiritual sphere that goes un-discerned most of the time in one's life. We are engaged in spiritual battle but most of the time we approach life situations with rationalization and philosophies to address many circumstances in life. At some juncture in life, our eyes are open to the fact that the victories for us have been provided by God. This book will compel readers to surrender to God revealed through Jesus Christ. The readers openness to God's love through the many situations and circumstance will cause a change in heart, mind and spirit. Reverend Willie Woodson in this book takes you on a journey of his life at each stage showing you that God is leading him. Sometimes God appears in the form of a relative, a friend or a stranger, but there is no question God is always guiding him. Willie also reveals in his book the importance of family. Family played key role in his life and God was the Conductor. From Willie to Big Will to Reverend Doctor Woodson, Willie made me think about my life and...
