Excerpt: .high symbolic meaning of the different individual phenomena of nature, particularly in the phases of development of natural objects in relation to the stadia of human development, we find it in the fact that nature and man have their origin in one and the same eternal Being, and that their development takes place in accordance with the same laws, only at different stages. Thus the observation of nature and the observation of man, in comparison and in connection with the facts and phenomena of the general development of humanity, are mutually explanatory, and mutually lead to deeper knowledge the one of the other. A clear insight into the causative and creative relation of the human spirit to its external work leads also to a clear insight into the relation of the causative, creative spirit of God to nature; leads to a knowledge of the...
